On The Boards

Merle Thorpe Architects has revamped and improved its [website](#).

New features include:

- Flash-powered slideshows depicting all-new construction, historic restoration, renovation and addition projects for:
 - Primary residences in and around [town](#)
 - [Country houses](#) and [waterfront homes](#)
 - Residential, institutional, and commercial projects in [Georgetown's](#) historic district
 - New projects "[on the boards](#)"
- We also built easy navigation links to view these projects without a Flash plug-in
- A searchable [image catalog](#). Click any of these search terms to pull up images that match your interests:

[Clerestories](#)

We've also added a page that collects [articles](#) published about our projects since 1992.

A special thanks goes to my wife Jill, who conceived of the revamped website and oversaw its execution. I also wish to thank our web designer Matt Duncan, an undergraduate majoring in interior design at Virginia Tech, who nimbly adapted his design skills to web coding. That, combined with an exemplary work ethic allowed Matt and Jill to find solutions that enhance the site's intuitive experience.

We hope you all are enjoying the rest of summer, and look forward to catching up again in September.

Sincerely,

Merle Thorpe
